President's Message November 2024

Halloween is over and it's goodbye Daylight Savings time, hello Standard time. It's now time for some of our classic cars to hibernate during our fall and winter rainy weather. We took our 1947 Ford out for a final tour last Sunday. It rained on the way back home. We found out the windshield wipers don't work and our brake lights don't work either. We love our old cars!

November is a time for our Club to get serious about submitting our 2025 membership applications to our Treasurer. Please submit these early and, if you're not intending to renew, we need to know that too. Contact Judy Shoepe (503-784-8061), either way. November is also time to volunteer for one of our Club Board positions. All positions are open. The President's position is the only one that requires that you have served in a prior board position. As mentioned before, our Editor and Sunshine volunteers are retiring. There is a list of the functions those positions perform elsewhere in this newsletter.

October Highlights:

6: Road Clean-Up successful. Our next scheduled Clean-up is May 4, 2025.
14: Club Meeting
15: Ladies Luncheon

November Events

3: Standard Time resumes.
11: Veterans' Day.... Remember with a visitation, a hug and thanks!
11: CRRG#10 Club Meeting: Our guest speaker is Mike Worthington. He is the Project Manager of the Swap Meet, a member of the Model A Club and President of "Maritime Surveillance Associates". He will review the financial results of the 2024 Swap Meet and the effects of the changes made this year. Please come and share any questions, concerns and comments you may have about this and future Swap Meets. We will also be accepting nominations for all 2025 Club Officer positions at this meeting.
19: Ladies Luncheon
28: Thanksgiving.

December Events

The Christmas Banquet being held Decemeber1st at McMenamins, "Old Church", in Wilsonville at 12:00 PM. Please mark your calendars now, as our December club meeting and newsletter happen after the Banquet. Let our Vice President, Kelhi Criswell (503-260-5762), know if you'll be attending.

See you soon,

Carla Barnell, President

LADIES' CORNER

OCTOBER LUNCHEON

We V8 ladies are a flexible bunch of gals! We had a quick change of restaurant location for our October 15th Autumn Lunch Get Together.

Ten ladies enjoyed a lovely lunch at Linn City Pub in West Linn hosted by Pat Parker. Pat decorated our group's long table with 12 colorful gourds and a mixture of miniature chocolate candies scattered among the gourds. As we prepared to leave, Pat told us to select a gourd to take home including a pocket or purse full of chocolates!

Thanks Pat for the lovely October lunch get together! Carol Carocci

The November 19, 2024 Ladies Luncheon, hosted by Carol Carocci, will be held at:

Otto & Anita's Bavarian Restaurant
3025 SW Canby Street
Portland, OR 97219
11:30 AM

This is located in SW Multnomah area off Capitol Highway

Please let Carol know if you plan to attend.

Historical Female Figures in Automotive Industry

By Nikola Potrebic

Helene Rother

German-born WWII refugee already had experience designing jewelry and hat pins for Parisian high class society, but it was in America where she fulfilled her true potential. She quickly became Detroit's first female car designer working in GM's interior designing staff. After four years in GM, she opened up her own design studio, Helene Rother Associates, before she subsequently joined Nash Automobiles a year later, in 1948. Rother stayed with Nash until 1956 and left soon after Nash/Hudson merger which formed the AMC. Being an independent artist under contract, she still managed to singlehandedly transform one of the most conservative automakers into one of the most stylish ones thanks to her colorful interior designs. With Pinin Farina assigned on exterior and Helene Rother making interiors, Nash, at one point featured sort of an All-Star design team through and through.

Rother later worked with Goodyear, B.F. Goodrich, U.S. Rubber, Stromberg-Carlson and International Harvester. Thanks to this reputable portfolio of clients, she remained in auto industry for a while, but her golden years of designing interiors were far behind. However, designing in general wasn't. Later in her life, Helene Rother switched to stained-glass window designing. A field she likely became accustomed with while working with one of her last automotive clients – the Miller-Meteor Motor Car Division of Divco-Wayne Corporation. The very same Miller-Meteor who built ambulances and funeral cars. Like everything else she touched, her stained-glass church windows quickly became coveted and remain such until today. Helene Rother practically paved the way and opened the door to all Detroit women who came after.

2024 South Beach V-8 Campout

Here is Bill Barnell's Article on the South Beach Campout:

"Well, another annual campout has come and gone. Other than missing the first night, due to medical complications, all I saw, went smoothly. It was well formatted and executed, due to some fantastic planning. Everyone did their jobs on time and completely. The spotlight did shine on some extraordinary individuals and I hope they were well thanked!

Due to rain, the poker walk was deferred to the next day, which had lovely weather. A big thank you to Milt Haley for a job well done. As I won the high-hand last year, I thought someone else should win this year. I didn't expect both Bruce and Michele Conachan to be the ones this year. I did win the low-hand, but shared with Carol Carocci. As I have won two years in a row, I'll try not to win next year.

The pancakes were done to perfection. I couldn't tell the top from the bottom, even a restaurant couldn't do as well. I think the honors goes to Al Carocci and the rest of the morning crew.

A special thank you, needs to go to all the cleanup crews as well. They were on top of it all. We don't want to forget the prep crews either, as I didn't taste any blood from cut fingers. And finally, the unsung heroes who acquired all the special food that everyone shared in common.

One mishap did occur as Louise McGarry slipped in the darkness and broke her foot, so I suggest everyone bring a small flashlight for the dark evenings.

If you get a chance, thank John Simerly for all the phone calls and time it took to put together this campout. Also, bare in mind that Marc Luce and Dave VanWinkle were always the last to eat. I don't know how hard it would be without them. I won't ever thank Bruce Conachan as he was paid with a poker win....well, "OK", thanks Bruce. I know he was everywhere; I just didn't see him do anything. He did mop the floor and help take Louise to the emergency room.

Anyway, if you don't like this write-up, blame Dave VanWinkle, he made me do it."

The position of Editor is available for 2025. Here is the brief job description from our roster, page 26:

"The Editor will be present at all meetings of the Board of Directors of the members. The Editor shall be responsible for the monthly newsletter."

This clearly doesn't provide enough information. The 8 page Overdrive is published monthly and is distributed to the membership via email or the US postal service before the monthly general meeting,

1. The Editor solicits articles and news items for the newsletter
2. The Editor circulates the "For Sale/Wanted" list at each general meeting.
3. The Editor correlates articles, ads and calendar into the newsletter.
4. The Editor sends the print ready newsletter to the publisher who creates the mail-ready paper newsletters.
5. The paper copy newsletters are picked up from the publisher, folded, taped and mailed first class in time for the members to receive it one week prior to the general meeting.

To streamline this process, the newsletter is created using Microsoft Publisher. Each month is rolled over to the next, and content updated. A pdf file is created and emailed to the publisher and (via Mark Luce) our members. A copy is also emailed to the New Zealand chapter. The mailing list used to create the mailing labels is also maintained on a computer file.
